# European School Education Platform Course Catalogue

## WHAT IS THE CATALOGUE

The course catalogue on the European School Education Platform provides school teachers and other school staff the opportunity to browse a large selection of continuous professional development courses on offer across Europe. The catalogue features online courses from the European Commission as well as on-site courses from independent course providers.

## HOW CAN COURSE PROVIDERS USE THE CATALOGUE

The course catalogue on the European School Education Platform allows course providers to publish on-site courses that are eligible as a staff mobility activity supported by Erasmus+ funding (Key Action 1: Learning Mobility of Individuals). It thereby offers course providers a powerful dissemination tool to reach their target audiences across Europe.
